Acknowledgements

Saskatchewan Education gratefully acknowledges Alberta Education for granting permission to use the contents of the *Tut i tam* Reading Series and selected black and white illustrations from this series in developing instructional supplements for each reader in the spirit of the Joint Ukrainian Bilingual Curriculum Project.

Saskatchewan Education wishes to thank the following individuals who contributed to the development of this instructional supplement:

The Bilingual Sub-committee of the Ukrainian Curriculum Advisory Committee whose members were directly involved in the development of these materials: Lydia Gabruch, St. Paul's R.C.S.S.D. No. 20, Saskatoon; Cecilia Kachkowski, St. Paul's R.C.S.S.D. No. 20, Saskatoon; Nadia Prokopchuk, Program Developer, St. Paul's R.C.S.S.D. No. 20, Saskatoon.

The teachers in the Ukrainian-English Bilingual Program at St. Goretti Elementary School in Saskatoon who field tested the resource materials as they were being developed.

The Ukrainian Curriculum Advisory Committee members under whose guidance these resource materials were developed.

This document was completed under the direction of the Multicultural Education Unit, Social Sciences and Resource Centre Services Branch, Curriculum and Instruction Division, Saskatchewan Education.

Ukrainian Language Arts Resource Materials

These supplementary exercises are designed for use with the *Tut i tam* Reading Series developed by Alberta Education, compiled by Xenia Turko and a team of Ukrainian teachers and consultants and illustrated by H.C. Zyp. The Canadian Professional and Business Federation coordinated publication of the series.

The *Tut i tam* Reading Series is one of several resources used in Ukrainian Language Arts in Saskatchewan's Ukrainian-English Bilingual Program from grades 2 to 8. Many of the themes introduced in the Reading Series correspond to those contained in other subject areas taught in Ukrainian, thus producing an integrated approach to language learning. Supplementary exercises have been developed for each of the following readers:
